Word of greeting

Dear Colleagues,

We would like to warmly invite you to participate in our first digital German-Czech Case Conference 2024 on the topic "Treatment Pathways in Multiple Sclerosis" on Wednesday, November 13th, 2024 at 3:30 PM. Additional in-person events are planned for 2025 in Teplice (CZ), Pilsen (CZ), and Dresden (D) and will be announced in due course. The goal is to establish a long-term, cross-border scientific exchange on Multiple Sclerosis and to extend it to other partner countries.

These MS Case Conferences will focus on specifically prepared clinical cases and application problems in the area of Multiple Sclerosis, followed by discussions. On November 13th, 2024, we will start with three lectures (see "Program Overview").

You can easily join via video call. In the future, the MS Case Conferences will also aim to discuss interesting cases, emerging obstacles, or the risk of confusion with other neurological diseases. The latest developments and questions surrounding MS will also be considered.

We look forward to an exciting and interactive evening with you! Points with the SLÄK have been applied for.

With kind collegial regards,

Yours sincerely,

Prof. Dr. med. Tjalf Ziemssen
Head MS Zentrum Dresden

German-Czech digital case conference 2024

Your personal data will be processed in accordance with the General Data Protection Regulation. Your data will be used as part of our event organisation. You consent to this use with your registration. Further information on data protection can be found at www.carus-management.de and at <https://msz.uniklinikum-dresden.de>. A video documentation (stream) of the event will be produced (in extracts). The link to this will be sent to you by newsletter shortly after the event.

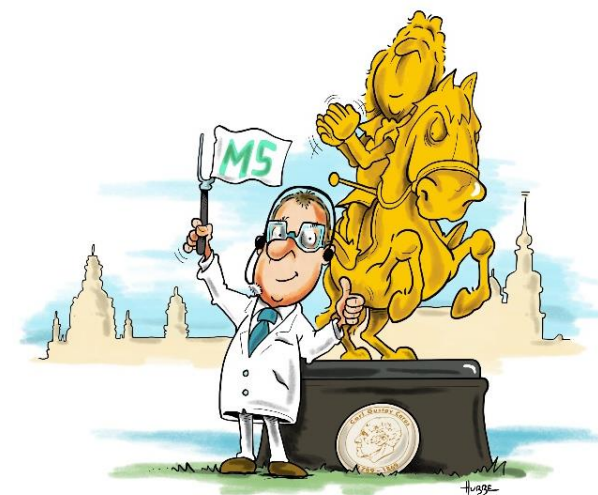

Carl Gustav Carus Management GmbH is responsible for the contractual and financial organization of the events.

In accordance with MBO-Ä § 32 para. 3, FSA Code § 20 para. 5 and AKG e. V.-Kodex § 19 para. 5, congress organisers are obliged to disclose the scope and conditions (advertising purposes/stand rental) of event support.

With the kind support of:

Referenten des Podcasts aus dem MS Zentrum Dresden:

- **Prof. Dr. Tjalf Ziemssen** (Head of MS Centre Dresden): 'Modern MS monitoring'
- **Dr. Marta Vachová** (Multiple Sclerosis Centre, Department of Neurology, Teplice District Hospital, Czech Republic):
'MS management in the Czech Republic: from the past to the future'
- **Dr. Pavel Potužník, PhD**, (Department of Neurology, Faculty of Medicine Pilsen, Czech Republic):
'MS - or not?'

Training certificate

X continuing education points of category C were applied for from the SLÄK for this event.

Upcoming dates

In 2025, face-to-face events are planned in Teplice, Pilsen and Dresden. Stay informed!
